

Semi-structured Interview for Understanding GSoC Mentors'

Engagement Theory

Thank you so much for taking the time to participate in this interview. We'll start our interview by showing the results of our previous online survey, which you also took part in. Following that, we'd like to **hear your thoughts on these results** and **your perceptions of the coding (classification) scheme** we derived during the survey analysis. We highly encourage you to discuss it in conjunction with your personal GSoC experience.

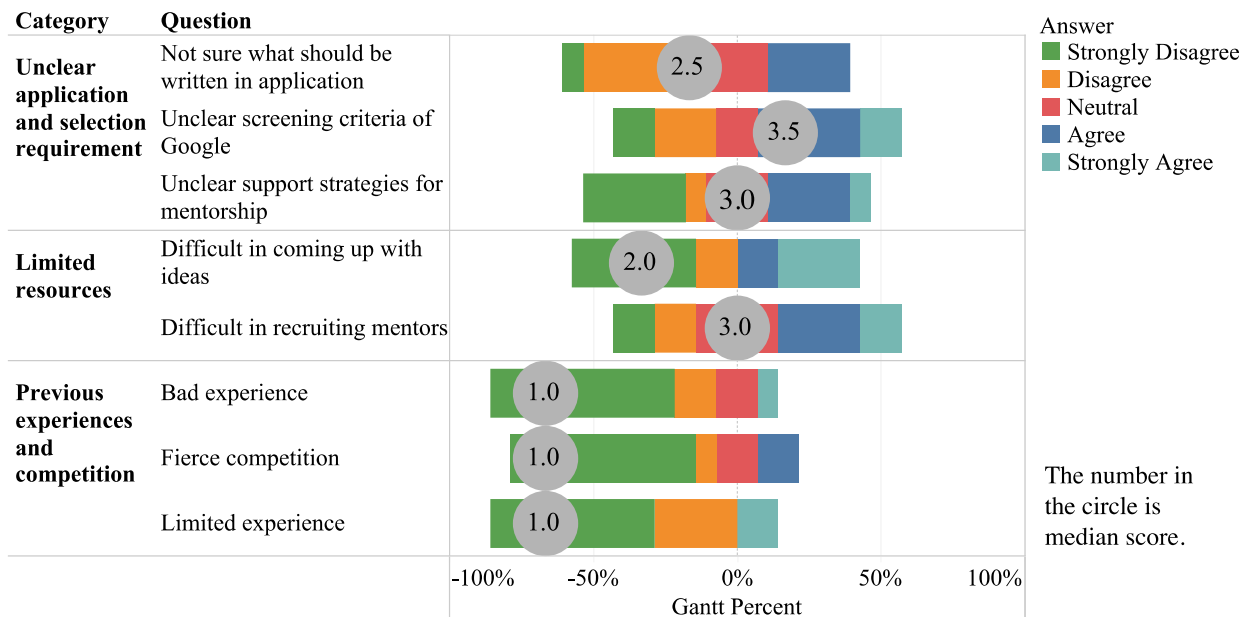

We sent the survey to 632 mentors and 573 delivered successfully. After two weeks, we obtained 29 responses.

1. **Motivations:** understanding why the mentors participate in the GSoC program.

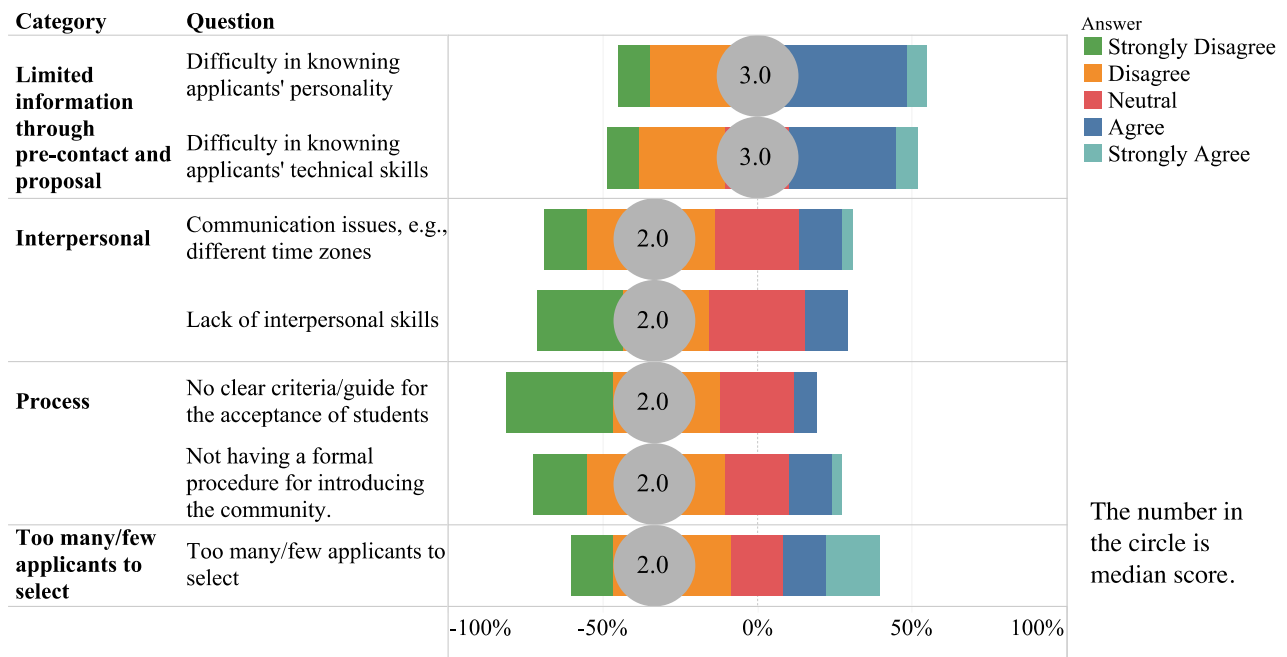

□ What's your opinion on the results? Please talk about it based on your own experience.

2. **Challenges in Org Application:** understanding the challenges that GSoC mentors faced during Org application.

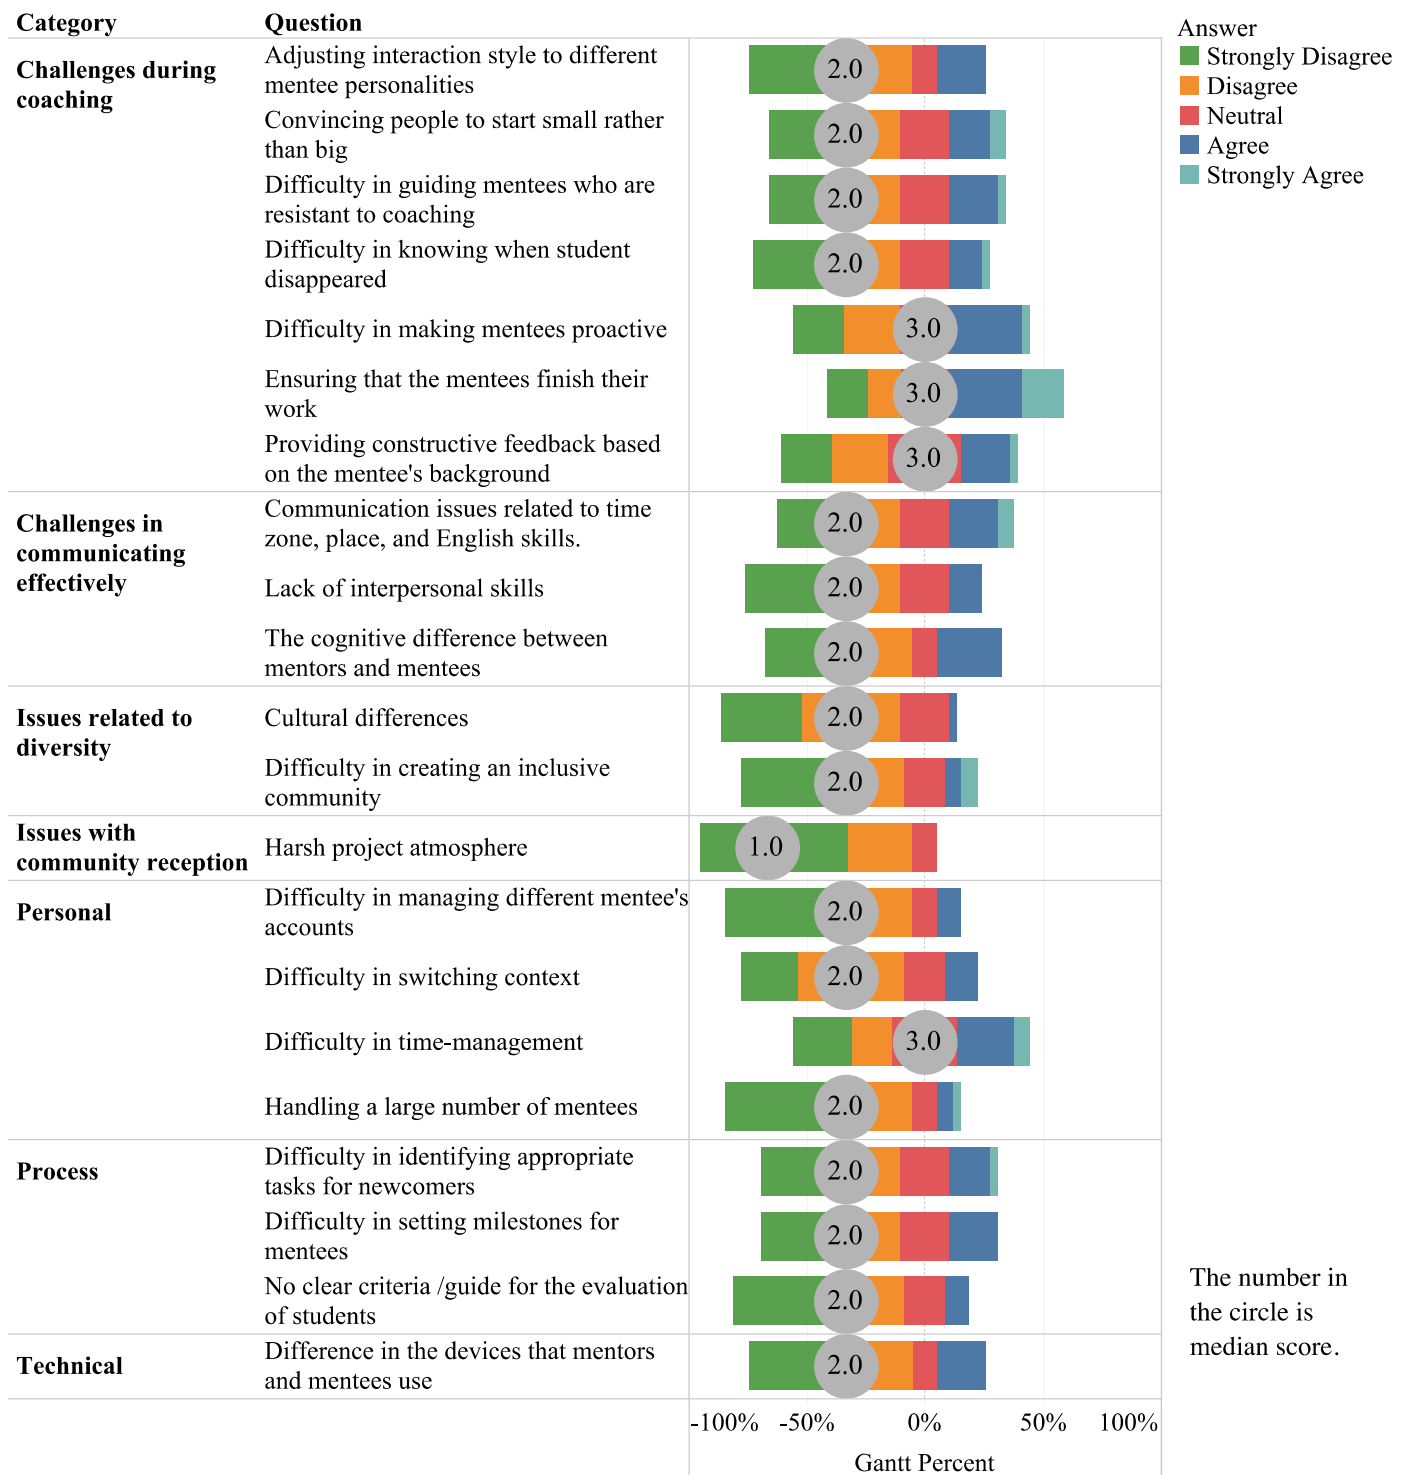

- What's your opinion on the results? Please talk about it based on your own experience.

3. **Challenges in Student Selection and Community Bonding Period:** understanding the challenges that GSoC mentors faced during Student Selection and Community Bonding Period.
